

## **Eligibility for Library Card Policy**

As a member of the Bridges Library System, the Muskego Public Library serves all residents of Waukesha and Jefferson Counties. There is no age or skill requirement for obtaining a library card.

Any Wisconsin resident may apply for a free library card after presenting a valid picture ID and proof of current residence. Children under eighteen must be accompanied by a parent or legal guardian presenting a valid picture ID and proof of current residence.

A business which owns or rents space in the City of Muskego may apply for a business card by submitting a letter written on the company's letterhead requesting a library card for company use and stating that the company will assume responsibility for all library materials charged against the business card. The letter must bear the signature of a least one responsible company official.
