

ST. MARTINS-EDGEWOOD-MUKWONAGO REBUILD PROJECT

American Transmission Co. plans to replace the transmission poles and wires on a line between the St. Martins, Edgewood and Mukwonago substations. Construction will begin in Summer 2018 and finish in Spring 2019.

Please note that portions of the recreational trails will be closed to accommodate construction, beginning in late July 2018.

CONSTRUCTION UPDATE: St. Martins-Edgewood-Mukwonago Transmission Line Rebuild Project

PO Box 47
Waukesha, WI 53188-0047

Dear Neighbor,

ATC owns and operates the 14-mile, 138-kilovolt electric transmission line near your property known as St. Martins-Edgewood-Mukwonago. Construction will initiate at the end of July 2018 to replace the poles and wires and will continue through spring 2019 – with restoration work to follow throughout the summer 2019. *(See map on reverse side.)* During this time, some portions of the nearby recreation trails will be closed. We understand that this construction may limit trail usage, but for your safety please refrain from accessing the trail where you observe trail closure signs.

If you have questions or if you need additional information about the project, please contact me at (920) 338-6550 or at dhovde@atc.com. More information about ATC and this project can also be found on our website at atc-projects.com. We thank you for your patience while we help maintain the safety and reliability of the electric transmission system.

Sincerely,

A handwritten signature in black ink that reads "David Hovde". The signature is written in a cursive, flowing style.
