March 19, 2020

**FOR IMMEDIATE RELEASE**

**City of Muskego State of Emergency Update**

Our City, State, and Country has not experienced anything like what we are experiencing today with COVID-19. Social distancing is critical to slow the spread of the virus and return to a healthy economy and life. This situation is fluid and updated information is happening rapidly. Updates will be on City and Police Webpages and Facebook pages.

Following are measures to reduce spreading of COVID-19 at our local government. Public Safety services remain functioning.

**City Park Playgrounds:**

Closed, including the Moorland Road Skateboard Park, basketball, pickleball, and tennis courts, and disc golf courses. Parents are encouraged to be aware of their children's location and activities.

**City Hall:**

Will remain open with reduced number of employees. Outside of voting activity, all other interaction with City Hall should be via email or phone.

**Polling Places:**

Current and updated information on polling places and voting here  
<https://www.cityofmuskego.org/359/Elections>

**Library:**

Closed to the public with a reduced number of employees remaining to answer phones and online resources. The Library public meeting rooms will remain open for elections on election day April 7 (Library services will still be closed).

**Public Works Building:**

Closed to public. Call or email with questions.

It's times like these that remind us of who we are as a community, Country, and people and I thank you.
